

## Scientific Method

Chorus:

Let me tell you 'bout the scientific method  
It's such a cool thing  
There's a lot of ways to do it  
And it's knowledge that it brings

If you have a problem that you want to solve  
The scientific method will always do the job  
First you need to find out everything you can  
Then you can develop a scientific plan

Chorus:

Test your ideas with an experiment  
Or by observing the environment  
Check out your data carefully  
And you'll find the answers will be clear to see

Chorus:

If the answer isn't clear to you  
You may want to try something new  
It doesn't matter if you're wrong or right  
You've learned something and that's out of sight  
Baby

Chorus:
